PROFESSIONAL SUMMARY

Aspiring Software Engineer with practical experience in Java development, SQL databases, and building full-stack web applications. Strong in Core Java, JDBC, Hibernate, Servlet, Spring, and Spring Boot with a solid understanding of REST API development and backend architecture. Experienced in working with Oracle SQL and MySQL to design, query, and optimize databases. Fast learner with strong debugging skills and a problem-solving mindset. Continuously improving full-stack capabilities while staying updated with modern tools, frameworks, and AI-driven technologies.

EDUCATION

Maharaja Institute of Technology Mysore	Mandya, Karnataka
Bachelor of Engineering (B.E.) in Computer Science Engineering CGPA: 8.5/10.0	2021-2025
Marimallappa PU College	Mysore, Karnataka
Pre-University Education Science (PCMB) Percentage: 97%	2019- 2021
Marimallappa's High School	Mysore, Karnataka
Secondary Education Percentage: 97%	2016-2019

EXPERIENCE

VTU's VRIF – Entrepreneurship & Innovation Internship	Belagavi, Karnataka
Intern	Sep 2024- Dec 2024
<ul style="list-style-type: none">Participated in a practical internship program focused on entrepreneurship, innovation, and emerging technologies.Conducted stakeholder analysis and user research to identify learning challenges in career preparation.Designed and implemented Career Navigator, a platform offering company-specific coding interview questions with a built-in code editor and AI-based assistance.Gained exposure to teamwork, presentation skills, and real-world problem-solving in the innovation ecosystem.	

PROJECTS

1. Career Navigator – Final Year Project (career-navigator-iota.vercel.app)

- Developed a full-stack web application for practicing company-specific coding interview questions.
- Built with Next.js Framework, Typescript, Tailwind CSS, Node.js, and MongoDB Atlas.
- Integrated JDoodle API for real-time code execution and Gemini AI for personalized guidance.
- Implemented secure authentication with NextAuth, Google, and GitHub OAuth.

SKILLS

- Programming & Web Technologies:** HTML, CSS, JavaScript, Core Java, JDBC, Hibernate, Servlet, Spring Framework, Spring Boot, REST API, Data Structures.
- Database:** Oracle SQL.
- Tools & Technologies:** Git, GitHub, VS Code, Eclipse, SQL Plus, MySQL Workbench, Postman, MS Office, AI Productivity Tools.

CERTIFICATIONS AND TRAINING

- | | |
|---|---------------------|
| • Java Full Stack Course – Jspiders Rajajinagar | June 2025 – Present |
| • Career Essentials in Software Development – Microsoft & LinkedIn | Aug 2024 |
| • Front End Development Libraries – FreeCodeCamp | June 2024 |
